Re: Mobile Future  
WT Docket No. 10-133  
Written *Ex Parte* Presentation

Dear Ms. Dortch:

Mobile Future is providing the attached paper entitled "Mobile Momentum: How Consumer-Driven Competition Shapes and Defines the Modern U.S. Wireless Landscape" to assist the Commission in evaluating the state of competition in the mobile wireless marketplace. Under the current regulatory regime, the wireless sector is an economic and regulatory success story marked by competition, innovation, investment, and consumer choice. Given these findings and the data already included in the record, the Commission can only conclude that the marketplace is effectively competitive in its upcoming report.

Sincerely,

Jonathan Spalter  
Chairman
